

Subject: Hazardous Materials Policy and Procedures
Number: 701
Issued by: Director of Facilities and Planning
Date: October 15, 2003

It is the policy of USCB to provide a safe work place that is in compliance with all State and Federal guidelines. There are certain chemicals in use on the USCB campus, which are defined as hazardous. If there is a choice among materials to use for a given activity, the least hazardous one should be used and the smallest possible quantities kept in inventory.

Please refer to the Campus Safety and Emergency Action Plan for details including the Chemical Hygiene Plan.
