

## Considering a Double Major in Spanish and English?

A double major can be an excellent way to distinguish yourself and give yourself an edge on the job market. The course of study required for a double major in Spanish and English is demanding, but if students decide upon this path early in their academic careers and plan accordingly, they can graduate with a single additional semester.

Here is a sample course of study for the double major in Spanish and English. It is based upon the general majors for Spanish and English—but it can easily be modified for the Heritage Speakers major in Spanish and/or the Writing Concentration in English. This course of study is also designed for a student who places into Spanish 201 upon entering the university.
