Two Paths to One Great Degree

The USCB Campus Program

Since 2002, USCB has offered the Bachelor of Science Degree in Human Services primarily through residential, face-to-face courses. The convenience of online learning has led to some courses being offered in both formats. Students who chose the USCB on-campus path to the degree will have more course options and will enjoy the benefits of both face-to-face and online courses.

Palmetto College Online Degree Completion Program

Starting Fall 2013, USCB will also offer the Human Services Degree online under the general auspices of the University of South Carolina's Palmetto College. Students who have completed 60-hours of course work will be eligible to apply for admission to Palmetto College. Palmetto College students will be able to complete all Human Services Program And Major Requirements online.
