Welcome to the Winter/Spring term!

It is all about YOU. The OLLI staff and volunteers who assist with program planning, promotions, administrative tasks and all other aspects to making an OLLI program succeed and thrive, have one goal in mind – YOU, a cherished member of the USCB OLLI lifelong learning community. As members, you have access to quality instructors, sharing fascinating topics, that are both near to the Lowcountry, as well as from far corners of the country. You can attend a class in person, or if you prefer, live on Zoom. Most of the OLLI presentations are taped, which provides the opportunity to view the OLLI On-Demand library, anytime during the term, as many times as you like. Enjoy this new robust curriculum in the numerous ways that works best for your learning. Let us know how YOU are enjoying YOUR OLLI program!

Andrea Sisino – OLLI Director

WAYS TO ENGAGE

- In-Person:** OLLI has designated classrooms on all USCB campuses. Most courses are held in person. Look for the In-Person designation listed next to each course on the course pages or on the In-Person summary page.
- Live On Zoom:** Many courses that are in person on campus are also offered simultaneously on Zoom. OLLI offers tech support for members who want to get the most out of their Zoom experience.
- On-Demand:** The majority of OLLI courses are recorded and added to the On-Demand library. This allows members who chose the “Unlimited Term Fee” the option to view classes, on their own time, as many times as they choose, through June 1, 2022. You do not have to register to watch a class On-Demand.

Each course listing states if the course is In-Person, on Zoom and/or On-Demand.

FLEXIBLE COURSE FEES

A ~ PAYGO (Pay As You Go) - \$15 per course

Pay for each class separately upon registration through the term.

- \$15 per course whether it is on Zoom or In-Person
- Does NOT include On-Demand access
- One-on-one technical support from OLLI
- Upgrade to Unlimited at any time (course fees paid will be applied to Unlimited cost)

B ~ UNLIMITED - \$125

Take as many courses as you wish through the term. **Pre-paying the Unlimited term fee is required before registering for OLLI courses.**

- Take as many courses In-Person and/or on Zoom
- INCLUDES On-Demand access through June 1, 2022
- One-on-one technical support for OLLI

WAYS TO REGISTER FOR OLLI COURSES

Registration is open throughout the term

- REGISTRATION SITE:** www.lli.uscb.edu
- PHONE:** (843) 208-8247
- IN-PERSON DROP-OFF:** Beaufort, Bluffton, Hilton Head campuses
- MAIL:** USCB OLLI, 1 University Blvd. Bluffton, SC 29909

Register Anytime!

YOUR ROAD MAP to Enjoying Your OLLI Program

This map is meant to provide quick tips and guidance so that you get the most out of your USCB OLLI membership.

STARTING POINT: Make sure your Membership is current. Enjoy benefits year-round, even if you do not take courses in the Fall or Winter/Spring terms. Cost: \$40 for 365 days upon joining or renewing.

THE ROAD AHEAD ~ DECISION TIME

TERM PARTICIPATION: If you'd like to engage in courses during the Winter/Spring term, your next decision is to choose between the following.

- **PAYGO** - pay as you go. Each course, regardless of the number of sessions, in-person or on Zoom, costs \$15.00, paid upon registration. This option does not include On-Demand. You can switch to the Unlimited term option anytime during the term. The PAYGO class fees you already paid in the term will be applied to the Unlimited term fee, and you pay only the difference.
- **UNLIMITED** - take as many courses as you like, including in-person on campus, Zoom and/or On-Demand for \$125. **Pre-paying the Unlimited term fee is required before registering for OLLI courses.**

CHOOSING YOUR LEARNING PLATFORM - HYBRID COURSE SELECTION

A. In-Person - courses held in a classroom or at an off-site location, sign in upon arrival.

B. On Zoom - For optimal Zoom experience, create a Zoom account. Learn how to put your first and last name or last initial on your screen so OLLI staff can check attendance. When taking an OLLI course through Zoom, it is different than physically sitting in the classroom. Example: you may not always see the instructor if they walk outside of the camera's view.

C. On-Demand OLLI Library - Watch OLLI courses throughout the term that have been recorded. This benefit is available to members who signed up for UNLIMITED.

* NEED GUIDANCE ON YOUR OLLI JOURNEY?

Contact the OLLI office at 843-208-8247 or e-mail olli@uscb.edu.

OLLI staff is here to assist you!

HOW TO REGISTER FOR THE WINTER/SPRING TERM

A. Online registration site: www.oli.uscb.edu

If you are brand new to OLLI, you will need to create an account by clicking new member. If you are or have ever been a member of USCB OLLI you have an online OLLI account, please enter your email address associated with OLLI and password.

- **UNLIMITED** – Pre-pay your unlimited term fee of \$125 **before** adding any courses. Once payment is complete, log back into your account and sign up for courses anytime throughout the term. Courses that have vendor fees (for supplies) will be an additional cost.
- **PAYGO** – Add your courses to your cart (\$15 for each course that you choose). Courses that have vendor fees (for supplies) will only be charged the vendor fee, the course fee is waived.

B. Mail – Send your completed registration form with payment to USCB OLLI, One University Blvd. Hargray 161, Bluffton SC 29909

C. Phone – Call the OLLI office at 843-208-8247. Have your course selection and payment ready.

GOING TO CLASS ESSENTIALS - SMOOTH PAVEMENT AHEAD!

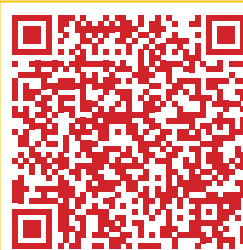

- You will receive a course reminder e-mail before each of your courses. These e-mails will also have important details such as handouts, location details, and the Zoom link. Please READ them.
- Always sign in for your class at the registration desk outside the classroom. If on Zoom, make sure your full name or your first name and the first initial of your last name is showing on your screen so that staff can take attendance.

FINISH LINE: Fill out a course evaluation for each of your courses. As an OLLI member, your feedback is key for both curriculum planning and the instructors who volunteer to share their expertise and passion. The OLLI course evaluation link is the same throughout the term and is provided in each class reminder email and placed in the Zoom chat room for each Zoom class. http://oli-zoom.uscb.edu/course_evaluation.

* OLLI Staff Suggestion

You can bookmark the evaluation link on your computer or use your mobile device to scan the QR code for quick access to the evaluation form.

OLLI EVALUATION FORM: Open your device's camera and hold it over the QR code. The OLLI evaluation will pop up in a text box above your screen, click the box and it will open the evaluation form OR it will open automatically depending on the device.

ARTS & CULTURE

ART200: SALVADOR DALÍ

1 Session | Tuesday | February 22 | 2PM-3:30PM | In-Person, On-Demand | Hilton Head campus

Known throughout the world as a great artist, self-publicist, and showman, this combination was an irresistible formula of success for this most intriguing Spanish-born character, whose long span career as a leading artist took on numerous different forms. Delving deep into what made Dalí click and the contributions he made to the art world will leave you to conclude your own interpretation. Did he have the makings of being a total madman or was he just pure genius?

JUAN CARLOS JIMENEZ, Ph.D., retired mathematics professor at Arizona State University and graduate of University of Massachusetts, Amherst, was a marine biologist conducting research/rescue of whales/manatees worldwide. He owns Ta-ca-rón, a boutique wine/cigar/gourmet tapas establishment in Okatie, SC.

ART201Z: HISTORY OF MODERN ART

6 Sessions | Thursday | March 3, 10, 17, 24, 31, April 7 | 10AM-11:30AM | Zoom, On-Demand

Beginning with Impressionism and continuing with Post-Impressionism we will look at the ideas and artists who sowed the seeds of modernism in Paris. We will then consider early modern art including the Russian Modernists, Cubism, and the beginnings of abstraction. We will conclude this 100-year survey with Abstract Expressionism.

NANCY McAFEE is an art historian who spent 18 years at the Cleveland Museum of Art as an educator and community outreach director. She has an AB from Cornell and a MA in art history from Case Western Reserve University. She teaches at Rochester Institute of Technology's Osher and has four grandchildren in Rochester and four in San Francisco.

ART202: SCAD MUSEUM AND SCAD STORY TOUR

2 Sessions | Monday, March 21 - 10AM-12N, Bluffton campus | Thursday, March 24 - 11AM-2PM Bluffton campus and Offsite (*Savannah*)

Session 1 (Monday, March 21, 10AM - 12N) Learn the history of how SCAD came to Savannah and how this world-famous art and design school and museum has changed both the landscape and the cultural direction of the city in the USCB OLLI classroom.

Session 2 (Thursday, March 24, 11AM-2PM) Participants will travel (drive or walk) to Poetter Hall for a showing of the SCAD story followed by a visit to the ever-changing SCAD museum for a tour of the artwork from all over the world, which is there to inspire SCAD students in their creative endeavors and disciplines. There will be time for lunch. Participants can pack a lunch or purchase a box lunch. \$8 museum fee will be due to SCAD on the day of the tour.

ART203: SENTIMENTAL STRANDS, THE ART OF VICTORIAN HAIR ART

1 Session | Tuesday | March 22 | 2PM-4PM | In-Person only | Beaufort campus

This class addresses the Victorian-era influence on some of the sentimental traditions of today, specifically those using hair. Friendship albums, hair work, and mourning practices are discussed. In addition, guests will have the opportunity to peruse authentic 19th-century displays of hair work, mourning pieces, and friendship albums. Kim Poovey demonstrates Victorian-era hair work used to create the elaborate hair wreaths of the time. Take a sentimental journey to the past and discover the origins of some of today's most nostalgic rituals.

KIM POOVEY is a storyteller, historic re-enactor, author, and school psychologist. She portrays personas, including Jane Austen/Regency era, Emma Victoria Brown/Victorian era (the main character from her novel, *Truer Words*), Julia Taylor of the Titanic/Edwardian era, among others. She creates her vintage clothing and uses collected period pieces for her presentations.

ART204: EXPLORING THE ARTS ON THE USCB BEAUFORT CAMPUS

1 Session | Thursday | April 14 | 9:30AM-3:30PM | In-Person only | Beaufort campus

Tour the ceramics, printmaking, and Harrington Street studios at the USCB Beaufort campus with demonstrations of techniques and projects in those studios by Assistant Professor of Art, Joanna Angell. Meet the soon-to-be graduates of USCB’s Studio Art program at the Sea Island Center Gallery for a sneak preview of their exhibition and hear several artists talk about the work they are presenting. There will be about a 90-minute break for lunch on your own.

JOANNA ANGELL, USCB Assistant Professor, is a fourth-generation artist working in ceramics, printmaking, drawing, and painting. She holds an MFA from the University of Georgia where she studied lithography with Tamarind printmaker, Charles Morgan and ceramics with Ron Meyers.

BUSINESS, FINANCE, ECONOMICS

BUS200: BY THE NUMBERS (BTN) - MONTHLY ECONOMIC NEWS YOU CAN USE

4 Sessions | Wednesday | January 26, February 23, March 30, April 27 | 10AM-11:30AM
In-Person, On-Demand | Bluffton campus

These monthly sessions will provide a fast-paced tour “by the numbers” in descriptive graphics of select local, state, national, and international economic and business news; and factors shaping that news. Each session will provide baseline economic information, but also vary focus monthly on other topical information affecting economic and business activity. What appears to be emergent trends in science, technology, health/medical, industry, trade, government/policy/taxation, and more will be sampled and put into perspective relating to the quality of one’s current and future life.

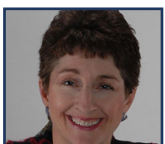

ROGER LOUISE earned his B.S. in criminal justice with a paralegal minor from the University of New Haven. In his 33-year career with Allstate Insurance Company, he served in management capacities with their property and casualty division.

BUS201: TAX-FREE RETIREMENT

1 Session | Tuesday | February 1 | 10AM-12N | In-Person, Zoom, On-Demand | Beaufort campus

Class discussion on legislative risk to portfolios; for example, tax law changes impacting retirement income planning. Learn about the utilizations of Roth conversions and tax code 7702 to better position your retirement portfolio for tax diversification, income, and wealth transference.

LAMY BRODHEAD-BUCK, CIS, is a Certified Income Specialist for over 25 years, providing creative financial longevity solutions to retirees or those preparing for retirement. She is a graduate of the University of Florida, B.S. in Finance.

BUS202: FATE OF NATIONS-FACTORS IN THEIR RISE, FALL...AND RISE AGAIN

2 Sessions | Wednesday | February 9, 16 | 10AM-12N | In-Person, Zoom, On-Demand | Bluffton campus

Throughout history, nations rise and have fallen based on economic performance. Economics is affected by population, resource and oceanic access, geography and climate, governance, transparency, social/cultural norms, geopolitics, and more. This presentation will examine such factors in the rise and fall of great nations from antiquity to the present and discuss surprising forecasts about winners and losers in the 21st century. Globalization is driving nations toward economic convergence and prosperity. Geopolitics and polarization within and among nations are compounding effects of climate change and information in fracturing nations and tribalizing societies, and threatening their economic growth. This course includes some speculation about future alignments for economic progress and collective security among the great nations.

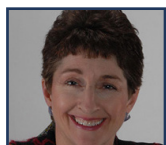

GREG BLACKBURN, CAPT USN(Ret) has degrees in physics, control theory, and computer systems. He served 30 years in Naval Cryptology and Intelligence, and 20+ years in the US defense industry. He brings perspectives from operations analysis, technology, economics, history, and geostrategy to this presentation.

BUS203: 7 WAYS TO OPTIMIZE YOUR SOCIAL SECURITY BENEFITS

1 Session | Monday | March 7 | 6PM-8PM | In-Person, Zoom, On-Demand | Bluffton campus

Social Security plays a crucial role in retirement planning and is vital for everyone to be aware of their options. This workshop covers when to start taking benefits, working while taking benefits, divorce and widow benefits, and married couples' choices. Medicare benefits Parts A, B, D and Medicare Advantage plans will be discussed. Valuable handouts that can help navigate through this critical time in our lives will be provided. All attendees can get a Social Security analysis that provides personalized clarity on your best filing strategies for maximizing your benefits.

LAMY BRODHEAD-BUCK, CIS, is a Certified Income Specialist for over 25 years, providing creative financial longevity solutions to retirees or those preparing for retirement. She is a graduate of the University of Florida, B.S. in Finance.

COMMUNITY INTERESTS

COI200: OUR ELECTRIC POWER GRID - QUESTIONS ANSWERED

1 Session | Thursday | February 10 | 1PM-3PM | In-Person, Zoom, On-Demand | Hilton Head campus

One of our national strategic assets is the electric power grid, normally ignored until it no longer works, and we realize how critically important it is to our health, quality of life, and access to our economy. This class will discuss the many issues evolving around our precious resource. How does it work? Where did it begin? Who funded the thousands of miles of lines? Learn the effects of overruns, and the vulnerability to foreign attacks and so much more. Join us for a unique approach to understanding a necessary and normally dependable asset.

CARLTON DALLAS is a 34-year veteran of the petroleum industry who has managed assets in 71 countries on five continents. He earned Chevron's highest honor, the Chairman's Award for performance, during his last assignment as Regional Director for the Africa/Europe/Middle East/Pakistan region.

COI201: FAITH WITHOUT FEAR - A TRANSFORMATIVE APPROACH TO CHRISTIAN EDUCATION

1 Session | Wednesday | February 16 | 1PM-2:30PM | In-Person only | Bluffton campus

In this program, students learn about Hilton Head Christian Academy's new campus that changes the face of education in the SC Lowcountry and beyond. School leadership believes in empowering students to become problem solvers and creators, experienced in collaboration and communication. Their partnership with New Tech Network (NTN) will further enhance the school's ability to develop future-ready students. This forward-thinking educational model, delivered from a Christian world view, will allow HHCA to send students into the world truly equipped to make an impact for Christ.

DR. MELISSA CROSBY is the Director of Teaching and Learning at HHCA. An advocate for comprehensive school change, Dr. Crosby has led the implementation of the New Tech school model in public, private and charter schools.

DOUG LANGHALS was named Hilton Head Christian Academy's Head of School in 2016. The South Carolina Independent School Association recently bestowed the Dr. Charles S. Aimar Educational Leadership Award to Doug for his steadfast commitment to the school's vision "To Know Christ And Make Him Known."

COI202: USCB BEAUFORT CAMPUS LIBRARY TOUR

1 Session | Friday | March 18 | 10AM-12N | In-Person only | Beaufort campus

Begin your journey in the Beaufort College Room, which houses an assortment of historic volumes about South Carolina and Beaufort. Learn how to find books by your favorite authors or discover new favorites. Be informed of the inter-library loan opportunity allowing you to request books from other institutions. Learn how to find information using our wide variety of scholarly databases. Take advantage of your OLLI membership and get a free university library card allowing access to materials at our campuses.

GENI FLOWERS, MLIS, native Beaufortonian with an undergraduate degree in elementary education and master's in library science from the University of South Carolina. She has been a librarian at USCB for over 28 years.

COI203: G2K (GETTING TO KNOW) BLUFFTON FIRE & RESCUE

1 Session | Friday | April 8 | 9:30AM-11:30AM | Offsite (*Bluffton*)

Learn how the Bluffton Fire Department operates with information from the fire department, EMS services and emergency management. You will then be taken on a walking tour of the training facility to see first-hand how fire and rescue skills are gained and maintained.

COI204: CPR TRAINING WITH THE BLUFFTON FIRE DEPT

1 Session | Monday | April 11 | 9:30AM-12:30PM | Offsite (*Bluffton*)

This CPR/AED is a classroom, video-based, instructor-led course that teaches adult CPR and AED use, as well as how to relieve an adult from choking. This course teaches skills with AHA's research-proven Practice-While-Watching (PWW) technique, which allows instructors to observe the students, provide feedback and guide the students' learning of skills.

COI205: BEAUFORT: WHAT'S HAPPENING AND WHERE IS THE CITY GOING

1 Session | Tuesday | April 12 | 10AM-12N | In-Person only | Beaufort campus

The City of Beaufort is growing, and recent improvements will help accelerate that growth. But there is more to come. This session will address the basics of how the city operates, roles, and functions of the departments with a focus on how residents in the city and outlying areas can engage and remain informed on what's happening. Learn how you can participate in the updating of the city civic master plan and be a part of the discussion: "What do we want our city to be over the next 10years?".

WILLIAM "BILL" PROKOP, Beaufort City Manager, priorities range from improving historic buildings and improving infrastructure, cultivating economic development, continual customer service improvement, and enhancing City Hall's ability to share information with the community.

COI206: SCAD EQUESTRIAN CENTER TOUR

1 Session | Friday | April 29 | 11AM-1PM | Offsite (*Savannah*)

Following a brief presentation, the group will take a walking tour through the 100-acre equestrian center with its paddocks, grazing fields, training, and competition arenas and barns. Participants will learn about SCAD's nationally known equestrian degrees, and they are also invited to bring cameras and sketching material if desired. Wear comfortable, sturdy shoes suitable for walking on dirt paths and uneven surfaces. This is a walking tour.

MICHELLE PHELPS received her business degree from St. Andrews University in Laurinburg, NC with a focus on equestrian studies. She has seven years of experience at the SCAD Equestrian Center.

CULINARY ARTS

CUL200: GLUTEN FREE DOESN'T HAVE TO TASTE BLAH!

1 Session | Friday | February 18 | 1PM-3PM | In-Person only | Hilton Head campus

Join this hands-on course and learn to make two traditional favorite cookies gluten free and delicious. Students will learn through preparing and baking their own gluten-free chocolate chip and oatmeal raisin cookie recipes. These cookies are so good, it will be hard to keep some for sharing. **Vendor Fee \$15**

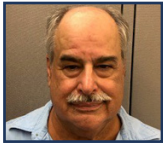

DONNA SPROUT spent her career in technology, first with IBM, then at USCB, where she retired in 2020. She also has a background in food service management. Her passion is baking decadent treats for family and friends. She and her husband have lived in Bluffton, SC since 2005.

CUL201: AND NOW - FOR SOMETHING COMPLETELY DIFFERENT

1 Session | Friday | February 25 | 1PM-3PM | In-Person only | Hilton Head campus

Well not completely different, it is a shrimp and pasta dish, but not in the typical red sauce. This course is a cooking demonstration and tasting of a dish inspired by Rich Buffa's interpretation of a recipe, unlike his other cooking courses which are Brooklyn-born. The pink sauce recipe is most likely an American invention, with some Italian inspiration. The ingredients include shrimp, mushrooms, tarragon, and pasta. This is one of Rich's particular favorites which he claims he doesn't make often enough. This dish will be a welcome addition to your cooking recipe arsenal.

RICH BUFFA has a life-long love for good food and enjoys cooking. His mother was a very talented Italian cook whose cooking skills rubbed off on him. Rich has also attended cooking classes, including several multi-session courses.

CUL202: WINE TOUR OF THE IBERIAN PENINSULA

1 Session | Tuesday | March 22 | 3PM-4:30PM | Offsite (*Okatie*)

Join Juan Carlos Jiménez, owner of Ta-ca-rón wine and cigars, as he takes you on a journey to some of his favorite wineries throughout Portugal and Spain. Not only will you be introduced to some incredible wines, but you will learn some fascinating history as well. Enjoy five wines with tapas to complement the class. **Vendor Fee \$25**

JUAN CARLOS JIMENEZ, Ph.D., retired mathematics professor at Arizona State University and graduate of University of Massachusetts, Amherst, was a marine biologist conducting research/rescue of whales/manatees worldwide. He owns Ta-ca-rón, a boutique wine/cigar/gourmet tapas establishment in Okatie, SC.

CUL203: WINE ACADEMY 101

1 Session | Wednesday | April 6 | 2PM-4PM | In-Person, On-Demand | Bluffton campus

Do you love drinking wine, but don't really know a lot about it? Here is your opportunity to be educated by a well-respected wine connoisseur who is both entertaining and extremely knowledgeable. You will find this two-hour course packed full of interesting facts and information that will provide you with long-term benefits when selecting wines for entertaining and your own personal palate.

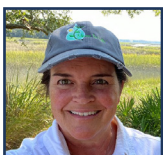

JUAN CARLOS JIMENEZ, Ph.D., retired mathematics professor at Arizona State University and graduate of University of Massachusetts, Amherst, was a marine biologist conducting research/rescue of whales/manatees worldwide. He owns Ta-ca-rón, a boutique wine/cigar/gourmet tapas establishment in Okatie, SC.

ECOLOGY

ECO201: LOWCOUNTRY 101

1 Session | Monday | January 31 | 3PM-4:30PM | In-Person, On-Demand | Bluffton campus

The breathtaking beauty and wildlife of the Lowcountry are undeniable but very few of us are from here. So, what do we need to know? This interactive, question and answer presentation will share the basics of the Lowcountry eco-systems from the salt marsh to the forest and everything in between. Presenter Jill Moore's passion is to share her knowledge and love of this area, so students have a better understanding of this truly unique environment.

JILL MOORE, Master Naturalist, has a background in education and is the owner and creator of *Moore to Life*. Her love of the outdoors started young while spending the summers of her youth in Montana where her parents are from. In search of a place full of outdoor adventure to raise her three boys, Jill's family ended up in the Lowcountry of South Carolina. Sharing what she has learned and experienced in this area "like no other place on earth" is what she hopes to share with others through these educational opportunities.

ECO202: DEEP SEA WORLD

1 Session | Thursday | February 3 | 1PM-2:30PM | In-Person, Zoom | Beaufort campus

The deep sea is the largest environment on earth, yet we have only explored ~5% of this extreme habitat. Characterized by crushing pressures, darkness, and frigid temperatures, the deep sea is home to truly bizarre creatures, including glass sponges that live for 18,000 years. Join Dr. Mercer Brugler for a visual survey of deep-sea denizens.

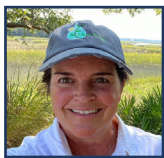

MERCER BRUGLER, USCB faculty, Ph.D. Environmental and Evolutionary - University of Louisiana at Lafayette, M.S. Marine Biology - College of Charleston's Grice Marine Laboratory of South Carolina, B.S. Marine Biology - University of Miami, Florida.

ECO203: EXPLORING THE LOWCOUNTRY - OFF THE BEATEN PATH

1 Session | Wednesday | February 9 | 3PM-4:30PM | In-Person, On-Demand | Beaufort campus

Whether you call the Lowcountry home or you're here for a visit, venturing out to explore the area is a must! From the well-known wildlife refuges to more "off-the-beaten path" destinations, there is an abundance of places to experience the area. Join local master naturalist Jill Moore for a presentation on local Lowcountry excursions and what you may encounter depending on the season.

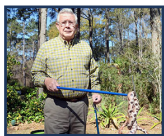

JILL MOORE, Master Naturalist, has a background in education and is the owner and creator of *Moore to Life*. Her love of the outdoors started young while spending the summers of her youth in Montana where her parents are from. In search of a place full of outdoor adventure to raise her three boys, Jill's family ended up in the Lowcountry of South Carolina. Sharing what she has learned and experienced in this area "like no other place on earth" is what she hopes to share with others through these educational opportunities.

ECO205: SNAKES OF THE LOWCOUNTRY

1 Session | Wednesday | March 23 | 10AM-12N | In-Person only | Bluffton campus

This class, presented by a South Carolina Master Naturalist, will describe the most common snakes of the Lowcountry area. After being offered critical information on snake identification, the participant will be able to better differentiate between venomous and non-venomous snakes. The instructor will bring a few live specimens, as well as share snake myths and common folklore surrounding them.

DAVE HARRIS is a South Carolina Master Naturalist and outdoorsman, born and raised in the South. He has offered his presentations at the Lowcountry Institute on Spring Island and various other locales in the Lowcountry area.

ECO206: DIRTY SECRETS OF THE LOWCOUNTRY

1 Session | Friday | March 25 | 10AM-11:30AM | In-Person, Zoom, On-Demand | Beaufort campus

Learn about an exciting 2021 science puzzle revealed when Beaufort was last underwater, and how old our dirt is! A bit on soil types, bedrock, some farming history, fertilizer, and our local phosphate mines.

RANDY JAMES is a Professor Emeritus with The Ohio State University and obtained his Ph.D. in soils. He moved to Beaufort in 2008 and loves to study our dirt.

ECO207: ACE BASIN ONE OF THE LAST GREAT PLACES

1 Session | Monday | March 28 | 1PM-3PM | In-Person, Zoom, On-Demand | Beaufort campus

The ACE Basin consists of approximately 350,000 acres in the watershed of the Ashepoo, Combahee, and Edisto Rivers in South Carolina's Lowcountry and is listed by the Nature Conservancy as one of earth's "last great places." Learn about its history, wildlife, and properties with devoted attention to those areas that are accessible to the public.

AL SEGARS, a retired veterinarian whose career included 18 years with the South Carolina Department of Natural Resources. A native of South Carolina with a special interest in the role we play as individuals in protecting these amazing resources.

ECO208: RIGHT WHALES - OUR COASTAL VISITORS

1 Session | Tuesday | March 29 | 10AM-12N | In-Person, On-Demand | Hilton Head campus

Professor Michael Williamson will introduce right whales and the current status and research on this species. The effects of climate change on this species will also be discussed.

MICHAEL WILLIAMSON, Associate Professor in Marine Sciences at Wheelock College in Boston, Massachusetts from 1988-2008, has been active in education and research for over 40 years. Williamson is currently a scientist in residence at St. Mary's Anglican Girls School in Perth, Western Australia, where he teaches and advises on marine science education and research. He is vice-president of the Mingan Island Cetacean Study and was a pioneer in Massachusetts whale research as the founder and director of the Pelagic Systems Research & Massachusetts Whale Watch, which began studying cetaceans in Massachusetts Bay in 1976.

ECO209: ST. PHILLIPS ISLAND SAFARI

1 Session | Thursday | March 31 | 9:30AM-4PM | Offsite (*St. Helena Island*)

Nestled between expansive estuaries and the Atlantic Ocean, this incredible barrier island ripples with old growth maritime forests and a variety of wildlife like fox squirrels, alligators, and bald eagles. Purchased from media mogul Ted Turner in 2017, this incredible island is one of South Carolina's newest state parks, a National Natural Landmark, and under easement with The Nature Conservancy. From the Hunting Island Nature Center, you will take a tram down to the ferry where you will join your naturalist for a 45-minute interpretive boat ride through the vast estuaries between Hunting Island and St. Phillips Island. Once you arrive at St.

Phillips you will board another tram that takes you on a safari-style ride through the interior of the park and allows you to learn about the unique features of St. Phillips from your guide. From there you'll have two hours of free time where you can either join the naturalist for an interpretive hike or explore the island on your own. There will be a tram service provided back to the dock where you'll catch the boat to take you back to Hunting Island. Pack a lunch and be prepared for walking on uneven terrain, climbing steps into and out of the boat, as well as unpredictable weather. To maximize your experience on the island, we recommend you bring plenty of water and snacks, a raincoat, bug spray and sunscreen, good walking shoes, light layers with long sleeves and pants, binoculars, and a camera. A \$5 parking fee will be collected the day of the tour if you do not have a South Carolina State Park access tag. **Vendor Fee \$90**

ECO210: ACE BASIN/BEAR ISLAND WILDLIFE TOUR

1 Session | Monday | April 4 | 8AM-12N | Offsite (*Yemassee*)

This Lowcountry sea island is managed (by SCDNR) to provide quality habitat for wintering waterfowl and other wetland wildlife including threatened and endangered species such as wood storks and bald eagles. There are two observation platforms and miles of dikes that provide numerous wildlife viewing opportunities. Tour this area via an open wagon with views of tidal marsh and old rice fields.

AL SEGARS, a retired veterinarian whose career included 18 years with the South Carolina Department of Natural Resources. A native of South Carolina with a special interest in the role we play as individuals in protecting these amazing resources.

ECO211: LOWCOUNTRY WATERWAYS: A TWO-HOUR REVELATION #1

1 Session | Thursday | April 7 | 10AM-12N | Offsite (*Bluffton*)

ECO212: LOWCOUNTRY WATERWAYS: A TWO-HOUR REVELATION #2

1 Session | Tuesday | April 19 | 10AM-12N | Offsite (*Bluffton*)

This two-hour tour aboard “Spartina” will be a classroom on the water. Captain Marine Biologist Amber Kuehn will give a scientific explanation of the web that revolves around the marsh grass. This tour will give you an understanding of the process that keeps our coastline pristine. Fiddler crabs, blue crabs, and shrimp may be seen in the viewing tank. Dolphins and wading birds will make an appearance to initiate a conversation about their form and function in the estuary.

Vendor Fee \$30

AMBER KUEHN is a local marine biologist who grew up in Bluffton. Her master’s degree and captain’s license bring this salt marsh ecology tour to life.

ECO213: NEMOURS WILDLIFE FOUNDATION: LOWCOUNTRY CONSERVATION AND ECOLOGY

1 Session | Tuesday | April 26 | 9AM-12N | Offsite (*Yemassee*)

This tour provides insight into historical and cultural events that shaped our Lowcountry wetlands and the conservation movement that has sustained them. A 45-minute presentation is followed by a 2-hour field trip on the historic Nemours Wildlife Foundation Plantation. Members will experience wildlife management in practice with an emphasis on the ecology and management of historic rice fields for migratory waterbirds and fire-adapted upland pine-grassland savannas. Rain Date: April 28, 2022

HEATHER KRAUS is the Education and Outreach Coordinator for Nemours Wildlife Foundation with a M.S. in biology from Emporia State University in Kansas. Before joining Nemours, she worked in various capacities within the wildlife conservation field.

ECO214: WIDGEON POINT PRESERVE LAND PROTECTION

1 Session | Wednesday | April 27 | 2PM-3:30PM | Offsite (*Okatie*)

Join the Open Land Trust Executive Director and volunteers at Widgeon Point Preserve for this guided walking tour and lecture. The Preserve is 170-acres of forested habitats, salt marsh, and hummock islands on the Broad River in Port Royal Sound. Class begins with a 30-minute presentation focused on the increasingly vital role land protection plays in our daily lives in the

face of unprecedented population growth, rising sea levels, and development pressure. Following the lecture will be a guided .75-mile walking tour on the nature trail where there is an active eagle nest, vast views of the Broad River, and various habitat types to observe.

KRISTIN WILLIAMS has been Executive Director of the Open Land Trust since January 2019. She has over 10 years of experience as the Executive Director of a conservation organization, Friends of the Environment located in Abaco, Bahamas. A native of the Bahamas, Kristin attended the College of Charleston.

FILM

FILM200: FOREIGN FILM SERIES: SAND STORM

1 Session | Friday | February 11 | 1PM-3PM | In-Person only | Bluffton campus

Film and discussion: An award-winning film written and directed by a woman. It tells of a Bedouin mother and her daughter struggling to survive, each in her own way, in a world of masculine control.

FILM201: FOREIGN FILM SERIES: THE COLOR OF PARADISE

1 Session | Friday | February 25 | 1PM-3PM | In-Person only | Bluffton campus

Film and discussion: A visually magnificent and moving story of a blind Iranian boy and a father who is torn between accepting his son or abandoning him.

FILM202: FOREIGN FILM SERIES: MARRIAGE - ITALIAN STYLE

1 Session | Friday | March 11 | 1PM-3PM | In-Person only | Bluffton campus

Film and discussion: In this Vittorio De Sica comedy, Filomena (Sophia Loren) fears her cynical, wealthy lover of 22 years (Marcello Mastroianni) plans to wed a much younger woman. She must find a way to have him marry her instead.

JOAN RUFFINO has been an OLLI instructor for 14 years presenting her interests in history, biography, literature, and film. She taught courses for Road Scholar and L.I.F.E. at St. Mary's College in New York and conducts the OLLI Foreign Film Festival each Winter/Spring term.

GARDENING

GAR200: NEW & UNDERUSED PLANTS OF THE LOWCOUNTRY

1 Session | Wednesday | March 16 | 4PM-5:30PM | In-Person only | Bluffton campus

Using live plant materials, this course will discuss those that are newer, underused and most suited to the Lowcountry, especially from the perspective of a landscape designer. Discussions will include small trees, shrubs, and perennials that are new to the market or plant materials that are underused, focusing on cultural needs and plant characteristics, deer tolerance and hardiness in our climate. Live plants and a printed listing of the plant materials, will be provided for presentation and discussion. Questions and answer session at the end of the presentation.

TIM DRAKE is the business developer and landscape designer at the Greenery, Inc. on Hilton Head. He has lived and has designed landscapes on Hilton Head for almost 30 years and is passionate about the plants that are available to beautify our landscapes.

GAR201: PERENNIAL PLANTS, DREAM PLANTS FOR OUR TIME

1 Session | Monday | April 11 | 10AM-12N | In-Person, Zoom, On-Demand | Bluffton campus

From Hokkaido to the Netherlands, from Britain to Chicago, perennials are becoming the dream plants for everyone's garden. Since they come up every year, they are sustainable. Most are pollinator magnets, and many require low maintenance. Learn about the history of perennials, new ideas about perennial planting, and perennials that do well in our local area.

WENDY WILSON HILTY, B.A. in History at Wells College, Master of Letters in History at the University of Aberdeen, UK. Senior Lecturer in History at Northeastern University. Author of 11 history textbooks for high school and college students.

HISTORY

HIS200Z: MODERN, POST-MODERN, AND CONTEMPORARY ARCHITECTURE

8 Sessions | Monday | January 24, 31, February 7, 14, 21, 28, March 7, 14 | 10AM-11:30AM | Zoom, On-Demand

This course will examine the major architectural styles of the past century, beginning with their roots in the aftermath of the industrial revolution and moving into the future of architecture in the 21st century. New construction materials, functionalism, minimalism, and rejection of ornamentation were hallmarks of modern architecture. Following behind was post-modern architecture, a reaction against the austerity, formality, and lack of variety in modern architecture. Contemporary architecture is the architecture of the 21st century, where no single style is dominant, with architects working in multiple styles. All three had a direct influence on the buildings in which we live and work today.

JIM NICHOLSON is an OLLI instructor for several South Carolina OLLI Lifelong Learning institutions including OLLI Furman, OLLI Clemson, and Lifelong Learning at Wofford on a variety of topics.

HIS201: BEAUFORT HISTORY WALKING TOUR

1 Session | Wednesday | January 26 | 10:30AM-12N | In-Person only | Beaufort campus

Take a walking history tour of the Town of Beaufort with Janet Matlock, celebrated walking tour guide of Beaufort. Learn how the great pageant of America played out in Beaufort as the Spanish, English, and Indians battled for her. Hear about the people who created the town: Conquistadores, Huguenots, Colonialists, Confederate and Union soldiers, Clara Barton, and Robert Smalls. See photos of the distinctive architecture of the town's gracious homes, many of which are listed in the National Register. The first half of this class will be in the classroom followed by a walking tour. Please wear comfortable walking shoes.

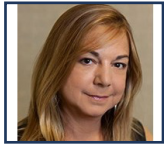

JANET MATLOCK studied the history and architecture of Beaufort and became a docent at the oldest church in Beaufort. In 2014, she took over the Beaufort tours of retiring icon Jon Sharp and the rest is history.

HIS202: HAYMARKET AFFAIR: A CONSPIRACY OF ANARCHISTS OF THE 8-HOUR WORKDAY

1 Session | Friday | January 28 | 1PM-3PM | In-Person, Zoom, On-Demand | Bluffton Campus

Learn about the 1886 bombing that took place in Haymarket Square, Chicago, and its aftermath.

Explore the conditions of the industrial revolution that set the stage for the Haymarket rally, the facts as known of the bombing, the trial that followed, and the worker movements spawned by that fateful day in May. Learn what the workers were striving for and the ideological underpinnings for different groups of workers, the courts, government, and industry.

SANDI VITO, former Secretary of Labor & Industry in Pennsylvania, currently serves as Executive Director of the SEIU Training and Upgrade Fund in New York. She received an economics degree from Stockton University, is a labor history graduate from CUNY, and has written widely on labor and health policies.

HIS203: HILTON HEAD HISTORY FEBRUARY DRIVING TOUR

1 Session | Tuesday | February 1 | 1PM-4PM | Offsite (*Hilton Head*)

Come on a three-hour, private guided tour in an air-conditioned bus to learn about HHI's unique history. Hilton Head Island is well known for its world-class beaches and golf courses, yet it offers so much more that is noteworthy and unique. Beyond its unparalleled biodiversity, Hilton Head has a range of recorded history and ancient history that is unmatched in any other single location in the United States. Not only were its lands populated by Paleo-Indians nearly 10,000 years ago; but it was also first noted in the log of an early Spanish explorer in 1521, given a Spanish name in 1526, and has been an active participant in every major period of American history. Please wear comfortable walking shoes, and bring water and bug spray as there are parts of the tour you will get off the bus and walk. **Vendor Fee \$45**

HIS204: ROLE OF AFRICAN AMERICAN CHURCHES DURING RECONSTRUCTION

1 Session | Tuesday | February 8 | 10AM-11:30AM | In-Person, Zoom, On-Demand | Beaufort campus

Dr. Chanda Powell, a park ranger with Reconstruction Era National Historical Park, will explore the role of African American churches as centers of social, political, and economic life during the Reconstruction Era.

Dr. CHANDA POWELL is a park ranger with Reconstruction Era National Historical Park. Previously she worked with a wide variety of national park sites, including Gateway Arch National Park, Harriet Tubman National Historical Park, St. Genevieve National Historical Park, Fort Scott National Historic Site, and the Harriet Tubman Underground Railroad National Historical Park. She completed her graduate studies at Howard University and her research explored the history of African American religious experiences and practices.

HIS205: WALKING TOUR OF LANDMARK HISTORIC EAST SIDE & TOUR OF DAVENPORT HOUSE

1 Session | Wednesday | February 9 | 9AM-12:30PM | Offsite (*Savannah*)

Take a 100-minute guided walk with Davenport House Museum Director Jamie Credle of Landmark Historic District's east side. Walk by some of the finest examples of preservation. Participate in a guided docent tour of the Federal-style Davenport House of 1820 built by Isaiah Davenport, a young carpenter from New England. Experience the home which received a *Preserve America Presidential Award* for its authentic period restoration. The Davenport House continues to be a model of good stewardship and community spirit. **Vendor Fee \$15**

HIS206: ANTIETAM: AMERICA'S BLOODIEST DAY

2 Sessions | Friday | February 11, 18 | 10AM-12N | In-Person, Zoom, On-Demand | Bluffton campus

The Civil War Battle of Antietam, fought near the town of Sharpsburg, MD on September 17, 1862, generated nearly 24,000 casualties in only 12 hours of combat. This course explores Robert E. Lee's rationale for invading the North; the days leading up to the battle; details of the epic struggle itself; and the aftermath in terms of the human, political and military impact.

JACK RABBITT has been teaching at OLLI for 12 years and has entertained hundreds of members with his enthusiastic, energetic, and informative presentations on a variety of business topics, the Civil War, European castles, and religion.

HIS207: FREDERICK DOUGLASS DAY AT USCB

1 Session | Monday | February 14 | 12N-3PM | In-Person only | Bluffton campus

USCB students and faculty join forces with OLLI and other community members in a service project to celebrate the birthday of Fredrick Douglass and the voices of other Black writers. Participants will celebrate "Douglass Day" by participating in a "Transcribe-a-thon" together turning digital scans of old manuscripts from the "Colored Conventions Project" archive into typed documents that are accessible for screen readers and searches. Students are eager to partner with OLLI community members! They need your help learning how to read older documents and would benefit from your life experiences. Participants will eat cake, sing together, and celebrate a great American by contributing to his legacy of literacy together.

SARAH SWOFFORD, Ph.D., USCB Assistant Professor of Composition and Rhetoric, Writing Program Administrator, Department of English and the Arts, and Director of the Center for Teaching and Learning.

MOLLIE BARNES, Ph.D. USCB Associate Professor of American Literature, Department of English, and the Arts.

War is defined as a conflict carried on by force of arms, as between nations or between parties within a nation; warfare, as by land, sea, or air. Join OLLI as we look at war from a myriad of timeframes and perspectives.

HIS208: MUSIC & THE VIETNAM WAR

1 Session | Monday | February 21 | 3PM-4:30PM | In-Person, Zoom, On-Demand | Bluffton campus

This program gives an overview of different genres of music of the war with lyrics displayed while songs play. "Top 40" hits are interspersed with "deep cuts" from the Vietnam War era, and the discussion includes global cultural, social, and historical contexts for the songs presented. Thank you to the South Carolina Humanities Speakers Bureau for showcasing Dr. Erin McCoy's robust academic presentation to OLLI.

ERIN R. MCCOY, Ph.D., is an Associate Professor of English & Interdisciplinary Studies at USCB. Her forthcoming book about the cultural historiography of the Vietnam War through music is under contract with McFarland Publishers. For this book, Dr. McCoy traveled to Australia, Laos, Cambodia, and Vietnam with the help of USC RISE funding. Dr. McCoy lectures on music as a lens with which to look at history and culture and has presented her research around the world. She has been a guest on Vietnam Veterans Podcast, and her recent essay (March 2021) on Feminism in Higher Education was featured in the *Oh, the Humanities* newsletter.

HIS209: THE AMERICAN REVOLUTION IN OUR NATIONAL PARK SYSTEM

1 Session | Tuesday | February 22 | 1PM-3PM | In-Person, Zoom, On-Demand | Beaufort campus

Over 30 of our 423 National Park Service sites have a direct connection to the American Revolution. We explore the sites that tell the revolutionary story, the events and places that preceded it, the moments that shaped its direction, and the battles that decided the outcome. Furthermore, we share sites revealing issues not resolved in the 1783 Treaty of Paris.

DAVID KROESE is one of about 50 people known to have visited all 400+ National Park Service units in December 2017. David has spent thousands of hours exploring our park system, logging over 1,500 NPS site visits. David shares his enthusiasm for our park system in speaking engagements across the country, lectures on park-related themes in programs at over a dozen colleges and universities, and is currently working on his next book, *Hidden Gems of America's National Park System*.

HIS210: HOW THE "ARSENAL OF DEMOCRACY" WON WORLD WAR II

1 Session | Monday | February 28 | 1PM-3PM | In-Person, Zoom, On-Demand | Bluffton campus

From the retired Army General who brought you 9/11, Rising China, Vietnam to Today, and West Point Trivia comes this new presentation based on Arthur Herman's book *Freedom's Forge*. Tom Brokaw called the heroes who fought in World War II, The Greatest Generation, but none of their success would have been possible without the historic mobilization of American industry. From a war-weary, isolationist country coming out of the Great Depression, hear how the buildup began eight months before Pearl Harbor, then was sustained throughout the war, not just for American forces, but for all the allies.

CRAIG WHELDEN, retired Major General, spent 30 years in the U.S. Army and another nine as a member of the Senior Executive Service (SES) with the U.S. Marine Corps. Along the way, he led thousands of soldiers, sailors, and marines at each level from Lieutenant to General Officer to Senior Executive – with 10 years in Europe and another 12 in the Pacific.

HIS211: THE BATTLE OF HONEY HILL

1 Session | Tuesday | March 1 | 10-11:30AM | In-Person, Zoom, On-Demand | Hilton Head campus

The Battle of Honey Hill was the third battle of Sherman's March to the Sea and a diversionary attempt by federal forces to prevent reinforcements from Charleston to reach Savannah by railroad. Ultimately, in defenses approximately 1.5 miles east of today's Ridgeland, SC, over 1,500 Confederate troops held off nearly 6,000 soldiers, sailors, and marines of the Union's hastily assembled Coastal Division. Discover how, despite valiant, repeated attempts by US Colored Troops regiments to break Rebel lines, the Union command's mismanagement of resources enabled the third to the last significant Confederate victory of the Civil War. Also, learn how the preservation of the critical railroad connection in November 1864 allowed the war to continue more than 100 days longer than it might have if the Federal troops had prevailed.

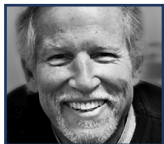

RICH THOMAS, the owner of Legacy Leadership and Legacy History Tours of the Lowcountry, operating as Hilton Head History Tours, is a founding member of the Hilton Head Island Institute, a former Board member of the Heritage Library, the Santa Elena Foundation, and the Lowcountry Civil War Roundtable. Rich is the founder and President of the Board of the Friends of Honey Hill, and a Co-Chair of the South Carolina American Revolution Sestercentennial Commission's Committee of 99 for Beaufort District.

HIS212: TUSCARORA JACK BARNWELL AND HIS FIGHT TO SAVE THE ENGLISH COLONIES

1 Session | Wednesday | March 2 | 10AM-11:30AM | In-Person, Zoom, On-Demand | Bluffton campus

Between 1711 and 1728, uprisings by two Indian tribes, the Yemassee and the Tuscaroras, threatened to drive the English colonies from North and South Carolina. This course will examine the key role played by Col. John "Tuscarora Jack" Barnwell in preserving the settlements in Beaufort, Charles Town, and North Carolina.

JOHN WARLEY is a graduate of The Citadel and University of Virginia School of Law, author of five novels and one non-fiction history of The Citadel. He wrote the Beaufort History Museum's exhibit on Reconstruction now on display at the Old Beaufort Firehouse.

HIS213: DAY TRIP TO MIGHTY EIGHTH NATIONAL MUSEUM

1 Session | Friday | March 4 | 10AM-2PM | Offsite (*Savannah*)

Travel via coach bus to the Mighty Eighth National Museum 30 minutes from Bluffton for a day touring the museum, lunch, and a special program highlighting the POW exhibit. This national museum's mission is to preserve for all Americans the stories of courage, character, and patriotism displayed by the men and women of the Eighth Air Force from World War II to the present. Eighty years ago on January 28, 1942, the Eighth Air Force was created in Savannah, GA. The Eighth had 7 men and no airplanes when it moved to England to help defeat Nazi Germany. By the end of World War II it was the largest, most powerful air force on Earth with over 350,000 men. The Mighty Eighth Museum tells the story of these heroes. Come hear their stories. \$45.00 includes transportation, museum entry, box lunch, and educational program while at the museum. **Vendor Fee \$45**

AL PELA is a docent for the National Museum of the Mighty Eighth Air Force.

HIS214: HILTON HEAD HISTORY MARCH DRIVING TOUR

1 Session | Tuesday | March 8 | 1PM-4PM | Offsite (*Hilton Head*)

Come on a three-hour, private guided tour in an air-conditioned bus to learn about HHI's unique history. Hilton Head Island is well known for its world-class beaches and golf courses, yet it offers so much more that is noteworthy and unique. Beyond its unparalleled biodiversity, Hilton Head has a range of recorded history and ancient history that is unmatched in any other single location in the United States. Not only were its lands populated by Paleo-Indians nearly 10,000 years ago; but it was also first noted in the log of an early Spanish explorer in 1521, given a Spanish name in 1526, and has been an active participant in every major period of American history. Please wear comfortable walking shoes, and bring water and bug spray as there are parts of the tour you will get off the bus and walk. **Vendor Fee \$45**

HIS215: THE CASTLES OF WESTERN EUROPE: PROFILES AND HISTORY

1 Session | Tuesday | March 8 | 10AM-12N | In-Person, Zoom, On-Demand | Beaufort campus

European castles hold a magical allure and provocative mystery that intrigues most Americans, but not many have explored their fascinating stories. This class delves into the key components of castles and the history and lore of a select few. It offers an entertaining look at castles, which served as both home and fortress to certain classes of the Middle Ages, and profiles the history of 44, including Bodiam Castle and Leeds Castle, two of the most photographed castles in the world, which Jack has explored in person.

JACK RABBITT has been teaching at OLLI for 12 years and has entertained hundreds of members with his enthusiastic, energetic, and informative presentations on a variety of business topics, the Civil War, European castles, and religion.

HIS216: THE LARGEST ART HEIST IN HISTORY!

1 Session | Monday | March 14 | 10AM-12N | In-Person, Zoom, On-Demand | Hilton Head campus

The largest art heist in the world did not take place in Paris, London, or Stockholm, but here in the US, in Boston, Massachusetts, at the Isabella Stewart Gardner Museum. Famous works of art by Rembrandt, Vermeer, Manet, Degas, and other international artists were stolen. This class examines how the thieves gained access to the museum; why thieves steal art (it is NOT what you expect); the years-long investigative efforts by international law enforcement organizations; the suspects and the status of the robbery investigation.

STEVE EMERY has more than 40 years of experience in the healthcare medical and diagnostics industry. He has a keen interest in history, providing little-known stories about major events (e.g., WASP of WWII), and technology (e.g., Dutch Delta Works).

HIS217: THE IDEA OF A SOUTHERN NATION

2 Sessions | Tuesday, Thursday | March 15, 17 | 10AM-12N | In-Person, Zoom, On-Demand | Beaufort campus

The founders created a "more perfect Union" in 1787. But that Union was in many ways incomplete, its limits imprecisely defined, and its meaning yet to be worked out. In the beginning, as the poet Robert Frost has written, the United States was "still unstoried, artless, unenhanced." Though independence had been secured, the course of nationhood was a quest for nationality, and that quest represents a central theme in American history. This course will examine how American nationhood came to be defined and how Northern and Southern definitions found, first, coherent expression, and then ultimately led to civil war.

DR. JOHN McCARDELL served from 2010-2020 as Vice-Chancellor and President Emeritus of The University of the South, Sewanee, Tennessee, where he remains a member of the history faculty. From 1976-2010 he was a member of the faculty at Middlebury College and served as President from 1991-2004. He has had a residence in Beaufort since 2004 and taught with OLLI 2004-2010. His book *The Idea of a Southern Nation* (Norton) won the Allan Nevins Prize. He has published extensively in the field of southern history.

HIS218Z: DISORGANIZED CRIME: MOTORIZED BANDITS AND RISE OF THE FBI

1 Session | Wednesday | March 16 | 10AM-12N | Zoom, On-Demand

During the 18 months from mid-1933 to the end of 1934, a crime wave swept the Midwest and made John Dillinger and Pretty Boy Floyd household names. The FBI, led by J. Edgar Hoover, waged an all-out war on the bandits and thus emerged the FBI. In this course, we will review the myths and legends of this period.

HARVEY TRABB has enjoyed a multi-faceted career in public relations. He worked for Rutgers University for 33 years and continues to do freelance work for them today. Harvey enjoys volunteering with Bluffton Self Help and the Red Cedar Elementary School.

HIS219: THE COAST GUARD’S FINEST HOURS

1 Session | Monday | March 21 | 1PM-3PM | In-Person, On-Demand | Bluffton campus

The fascinating story of the Coast Guard’s most daring rescues will be told here. On February 18, 1952, two T2 tankers broke in half off the coast of Chatham, Massachusetts during a fierce nor’easter storm. This is the true story of the thrilling rescues of the sailors aboard the SS Fort Mercer and the SS Pendleton. The latter was the basis for the 2016 movie, “The Finest Hours.”

JACK A FRISCH, Ph.D., is a retired professor of anthropology. He has done fieldwork among several Native American groups as well as laboratory fieldwork with other cultures. His focus has been on ethnological fieldwork, ethnos linguistics, and ethnos history.

HIS220: U.S. AND FOREIGN SUBMARINES FROM WWII TO PRESENT

1 Session | Wednesday | March 23 | 2PM-4PM | In-Person, Zoom, On-Demand | Bluffton campus

There were significant advances in U.S. and foreign submarine technology and weaponry from WWII to the present day. This class explores these topics using videos, animations, photos, and interviews with crew members who sailed in them.

DICK MCCUSKER earned a MBA from Rensselaer Polytechnic Institute in Troy, NY. He retired from AT&T in 1996, where he held various positions involved in researching, trialing, and marketing advanced voice and data network solutions for businesses. His interest in technology solutions is the basis for his courses at OLLI.

HIS221: HOW MANY PEOPLE IS TOO MANY?

2 Sessions | Monday | March 28, April 4 | 10AM-12N | In-Person, On-Demand | Bluffton campus

This course will survey the long history of the growth of the human population locally, nationally, and globally. It will analyze the causes of that growth and occasional decline. We will examine

published alarms about the dangers of continuing population growth and contrast those alarms with voices asserting more people mean an improving life for all. We will report the history of immigration into the USA and review the pros and cons of allowing more. Regarding environmental impacts, we will ask where on earth population growth is most harmful. Lastly, we will survey government policies that try to influence birth rates, of which China's one-child policy was perhaps the most radical.

RAYMOND DOMINICK, Ph.D., taught western civilization for 30 years at The Ohio State University. He authored two books: one, a biography of the founder of Germany's Social Democratic party, and the other, surveying the history of the environmental movement in Germany.

HIS222: SIGNIFICANT WWII AMERICAN AND FOREIGN BOMBER AIRCRAFT

1 Session | Tuesday | March 29 | 1PM-3PM | In-Person, Zoom, On-Demand | Beaufort campus

Major advances in bomber aircraft technology occurred before and during WWII. This presentation includes 12 bomber planes, including the American B-17, the British Lancaster, the Japanese Betty, and the German Stuka. Their design objectives, strengths, weaknesses, and the tactics used in flying them will be explored through a variety of media including photos, films, videos, animations, and pilot interviews.

DICK MCCUSKER earned a MBA from Rensselaer Polytechnic Institute in Troy, NY. He retired from AT&T in 1996, where he held various positions involved in researching, trialing, and marketing advanced voice and data network solutions for businesses. His interest in technology solutions is the basis for his courses at OLLI.

HIS223: TOUR OF DATAW RUINS

1 Session | Wednesday | March 30 | 2PM-3:30PM | Offsite (*St. Helena Island*)

Delve into Dataw Island's rich history from the Native American era through the days of Spanish explorations. Learn about the legend of King Dataw and the proprietary period leading to the antebellum plantation era of indigo and Sea Island cotton. Explore the preserved land which the National Register of Historic Places calls "the most complete example of a 19th century Sea Island cotton plantation in the country."

JOE RONEY R.Ph., Board Member Dataw Historic Foundation since 2011, Historic Beaufort Foundation member and docent, historic tour guide. Served as President, Lowcountry Civil War Round Table, 2012-2014.

HIS224: HISTORY WALKING TOUR OF THE BEAUFORT NATIONAL CEMETERY

1 Session | Tuesday | April 5 | 1PM-3PM | Offsite (*Beaufort*)

Step back in time to hear the story of the Beaufort National Cemetery, one of 155 national cemeteries in the United States. Established as a National Cemetery in 1863 by President Abraham Lincoln, there are nearly 24,000 interred in this beautifully landscaped veteran's cemetery. The cemetery contains a cross-section of veterans from every major conflict since the Seminole Wars. Along with two Medal of Honor winners, some of the other notable persons buried in the National Cemetery are Colonel Benjamin Vandervoort, Colonel Donald Conroy "The Great Santini," Sergeant Charles (Chuck) Taliano - the Rose Garden Marine, and 19 soldiers from the Massachusetts 55th all-black volunteer infantry. Included will be a talk on the cemetery history, orientation of the grounds, and a walking tour of some of the notable gravesites and

monuments. Maps and self-guided tour booklets will be provided for further exploration on your own.

JOE DORMAN, Retired USAF, has been with Veterans Affairs since December 2008 and is a member of the NCA Organizational Assessment and Improvement Team. Dorman was a part of the construction of the Fort Jackson National Cemetery before joining the Beaufort National Cemetery in 2017.

HIS225: TOUR HISTORIC FORT FREMONT - HOMELAND SECURITY C. 1898

1 Session | Monday | April 11 | 10AM- 12N | Offsite (*St. Helena Island*)

Located on St. Helena Island, Fort Fremont was one of the most sophisticated defense structures of its time. Built during the Spanish-American War, Fort Fremont's story is a reflection of our nation at the turn of the 20th century explosive growth in military technology, rising international tensions, and the emergence of the U.S. as a global power. Participants will visit Beaufort County's newly completed History Center where they will view a documentary, see a diorama of the Fort as it stood in 1900, and take a walking tour of the Fort.

DR. RAYMOND ROLLINGS, DENNIS CANNADY, and TED PANAYOTOFF (AKA Sgt. Ted) will conduct the class. They are long-time Friends of Fort Fremont, historians, passionate preservationists, experienced docents, and skilled miniaturists.

HIS226: RMS TITANIC - BEFORE SHE SAILED

1 Session | Wednesday | April 13 | 1PM-3PM | In-Person, Zoom, On-Demand | Bluffton campus

RMS Titanic was viewed as the crowning achievement of the industrial revolution - the engineering marvel of her time. Her construction and launch provided validity for man's belief in his ever-increasing supremacy over nature. It is common knowledge the Titanic struck an iceberg and sank in the arctic waters off Newfoundland, Canada. This presentation, however, will cover the chain of events and decisions that brought the Titanic into existence, long before that fateful night.

MARK CALLEN has had a lifelong interest in warships and sea battles. He has held OLLI sessions on the Civil War at Sea, the Monitor and the Merrimac, and the Titanic.

HIS227: A CHAUTAUQUA EXPERIENCE - EDITH RUSSELL TITANIC SURVIVOR (1879-1975)

1 Session | Wednesday | April 13 | 4PM-5:30PM | In-Person, On-Demand | Bluffton campus

This Chautauqua style course takes us to 1937, on the 25th anniversary of the Titanic's sinking. Edith Russell (1879-1975) was an American fashion buyer, stylist, and correspondent for "Women's Wear Daily", and best remembered for surviving the 1912 sinking of the RMS Titanic. We join Ms. Russell in 1937 as she speaks to us about that fateful night. Part 1: Edith Russell monologue, Part 2: Questions for Edith, still in the year 1937, Part 3: Meet Debra Conner, Q & A about studying Edith Russell.

DEBRA CONNER began portraying Edith Russell in 2013 as part of the Ohio Humanities summer Chautauqua tour. Her other characters include Emily Dickinson; Margaret Mitchell, author of "Gone with the Wind"; and Civil War surgeon, Dr. Mary Edwards Walker, the only woman ever to receive the Congressional Medal of Honor.

HIS228 : BEAUFORT RIVER CRUISE

1 Session | Wednesday | April 20 | 3PM-5PM | Offsite (*Beaufort*)

Join a US Coast Guard certified master captain and a naturalist who will show you Beaufort, the way it was meant to be seen from the water. You'll gain an explorer's perspective on the incredible ecology of our estuaries and rivers that run between islands and see what some of the first explorers saw on the east coast. While looking for historical areas and monuments, keep an eye out for wildlife like osprey and bottlenose dolphins that also call Beaufort home. Be prepared for climbing steps into and out of the boat as well as unpredictable weather. We recommend light layers, a raincoat, sunscreen, binoculars, and a camera. The trip fee and tip are included in the vendor fee. **Vendor Fee \$48**

HEALTH & MEDICINE

HME200: STRESS! MAKE IT YOUR FRIEND

1 Session | Wednesday | February 2 | 10AM-11:30AM | In-Person, Zoom, On-Demand | Hilton Head campus

This class focuses on the biology of anxiety and stress. It will also provide practical skills and strategies for effectively managing anxiety and stress. This course is interactive, and students are invited to participate in the classroom or at home.

DEBI LYNES, Ph.D., explores the relationship between the physical environment and its influence on health and wellness.

HME201: UNDERSTANDING GENES, GENOME EDITING & ETHICAL DECISIONS

1 Session | Thursday | February 17 | 1PM-2:30PM | In-Person, Zoom, On-Demand | Hilton Head campus

This course will review the basics of genome editing with thoughtful discussion related to the ethical implications of this evolving science. We knew almost nothing about genetics 100 years ago. Today, we have observed the unfolding of incredible discoveries related to genetic coding and DNA. DNA can replicate exact copies of itself in concert with the division of cells; and the two cells that merge to form a new being can share and re-distribute the genetic information from both parents. In the last decade, scientists have learned how to design and create DNA to produce more effective vaccines more rapidly. Science is now capable of tinkering with the essence of humanity, which raises important and difficult ethical questions. Is editing genes any different in principle than the breeding farmers have been doing for centuries? Is it OK to tinker with the genes of both plants and animals? To edit the genes of one person's body? What about corrected genetic defects that cause disease? Is it ethical to produce populations with characteristics that we need, like nurses, musicians, and soldiers?

DR. COLIN MOSELEY did his medical training at McGill University and joined the Orthopedics Department at the University of Toronto. He later moved to Los Angeles to become the Chief Surgeon at the Shriners Hospital for Children and a Clinical Professor at UCLA. Throughout his career, he has been devoted to teaching.

HME202: PALLIATIVE CARE AND HOSPICE CARE 101

1 Session | Friday | February 25 | 10AM-12N | In-Person, Zoom, On-Demand | Bluffton campus

With end-of-life care and patients' wishes becoming all the buzz in the medical spotlight, it is important to understand the myths and realities of "dirty words." What are hospice and palliative care? What are the choices as you begin to navigate aging and the medical system? Do you

know what questions you should be asking? This course will be upbeat and focus on living while learning about palliative care, hospice care, and grief support. The difference between palliative and hospice care, grief support in our community, volunteer opportunities, and the upcoming hospice inpatient facility Caroline's Cottage will be part of the discussion by a group of Friends of Caroline experts.

LINDSAY ROBERG, Executive Director of Friends of Caroline, BSN, MBA, CHPN, RN, will be joined by LaNelle Fabian, Director of Community Engagement; Virginia Henneberry, Director of Development; and Steve Scudder, Coordinator of Support Services for Friends of Caroline.

HME203: HEALTHY POSTURE AND MOVEMENTS FOR STRUCTURAL INTEGRITY

1 Session | Monday | March 7 | 3PM-5PM | In-Person only | Bluffton campus

Learn the benefits of the Gokhale Method for a healthy posture and movements to help restore your structural integrity to live an active and pain-free life. This system brings awareness that allows people to comfortably alter the way they stand, sit and move to be healed from pain and return to a posture that builds strength and resilience and minimizes compression, tension, and degeneration. Gentle hands-on instruction, reinforced by theory, is used to return participants to their primal posture. Effects are often immediate and last a lifetime.

LORI SZALAY has been teaching and empowering people in the wellness industry for 25+ years as a group fitness instructor, personal trainer, and Gokhale Method teacher. Lori's personal journey with back problems led her on a search for a lifetime solution to manage her pain.

HME204: WHERE IS MEDICINE GOING LOCALLY?

1 Session | Wednesday | March 9 | 10AM-11:30AM | In-Person, Zoom, On-Demand | Bluffton campus

Everything around us is changing, including health care. If we want wellness for ourselves, our families, and our neighbors, we each have a role to play. Join us to learn and discuss how a global pandemic has impacted healthcare in your community; how healthcare is changing for patients and providers in our local Beaufort County communities; how innovative approaches to old systems can transform care, and what's next for Beaufort Memorial Hospital.

RUSSELL BAXLEY, MHA, is President and Chief Executive Director of Beaufort Memorial Hospital. Over the past year, he has helped the hospital and the community navigate the COVID-19 pandemic by securing much-needed personal protective equipment for providers and staff and opening new vaccine clinics throughout Beaufort County.

HME205: MEMORY & AGING: THE SPECTRUM FROM NORMAL TO DEMENTIA

1 Session | Tuesday | March 15 | 1PM-2:30PM | In-Person, Zoom, On-Demand | Beaufort campus

Board-certified neurologist Dr. Paul Mazzeo discusses how our cognitive abilities change with age. Is it inevitable to experience memory decline with aging? What is mild cognitive impairment? What is the difference between Alzheimer's disease and dementia? The latest diagnostics and therapies to maintain brain health will be discussed.

DR. PAUL MAZZEO is board-certified in neurology, practicing adult and pediatric neurology. He is the only neurologist in the Lowcountry certified in headache medicine and is one of only three neurologists in the state of SC certified in behavioral neurology and neuropsychiatry. Dr. Mazzeo has served as Chief of the Medical Staff and Chair of Medicine at Beaufort Memorial Hospital. He is the Medical Director of the Beaufort Memorial Memory Center and the Beaufort Memorial Acute Rehabilitation Unit.

HME206: THE BIOLOGY OF CANCER

4 Sessions | Tuesday | April 12, 19, 26, May 03 | 1PM-2:30PM | In-Person, Zoom, On-Demand | Beaufort campus

Cancer is a disease that touches the lives of most of us. Yet, most people understand little about how this disease begins, how it develops over time, and how and why it makes us sick. In this class, we will cover fundamental aspects of the biology of this disease. We will discuss the causes of human cancer, how the disease develops in people over time, and we will discuss the basis for the three arms of medical oncology: surgery, radiation, and chemotherapy. The course will conclude with a discussion about how new and emerging targeted therapies and immunotherapy hold promise for the eventual cure for cancer.

STEPHEN P. ETHIER, Ph.D. is a Professor in the Hollings Cancer Center at the Medical University of South Carolina. He has published over 140 papers on the biology of cancer over his 40-year career, and he has taught classes on the fundamentals of cancer biology to medical students, graduate students, medical residents, and post-doctoral fellows both at MUSC and before that at the University of Michigan Medical School.

INTEREST GROUPS

ING200: SYNTHETIC MEDIA: CREATING A NEW REALITY OF THE FUTURE

1 Session | Friday | February 4 | 10AM-12N | In-Person, Zoom, On-Demand | Beaufort campus

According to Wikipedia, synthetic media is a catch-all term for the artificial production, manipulation, and modification of data and media by automated means, especially using artificial intelligence and machine learning algorithms. This course will explore many facets of synthetic media and the metaverse as we understand it today. Students will examine beyond the infamous deep fakes as synthetic media evolves quickly towards positive uses. Find out how synthetic media can be used by anyone today and what the roadmap for the future looks like so far.

HENRIK DE GYOR is a consultant, podcaster, and writer. Henrik has written seven books in three years. He lives and works at home in Bluffton, SC with his wife.

ING201: FLYING VAGABOND

1 Session | Monday | February 7 | 1PM-3PM | In-Person, Zoom, On-Demand | Bluffton campus

The story of an aviation career born of desire, fueled with hope, and bred of desperation in the early years. With little to no chance of success, perseverance became his “mantra,” strengthened his confidence, and the result - adventures never dreamed of.

CAPTAIN EDDIE GANTNER has flown many thousands of hours as a pilot that took him on a very unusual career path, from hauling cargo in vintage aircraft to captaincy in sleek, modern international corporate aircraft to a jet simulator instructor.

ING202: A PET OWNER'S GUIDE TO CANINE HEALTH

1 Session | Tuesday | March 15 | 10AM-11:30AM | In-Person Only | Hilton Head campus

Since March 2020, there has been an incredible surge in dog sales/adoptions to help ease the stress and acclimate us to the new normal of the COVID-19 pandemic. Surveys report up to “90% of pet owners consider their pet part of the family.” To some, there is no higher priority than the health and happiness of their canine family members. Whether you're a “newbie pet owner” or a seasoned dog person, this class will increase your understanding of routine veterinary care, common toxins, first aid, etc.

TERRY KAPLAN is a recently retired New York State licensed veterinary technician and certified high school veterinary science educator. She holds certifications as an animal science teacher and wildlife rehabilitator. Terry recently moved to Hilton Head Island.

ING203: THE ANTIQUARIANS GUIDE TO FURNITURE RESTORATION

1 Session | Wednesday | March 16 | 1PM-3PM | Offsite (*Beaufort*)

Whether you are a dealer, collector, or just like old stuff, you'll find this class fascinating. You've probably seen furniture evaluated on the Antiques Roadshow, but there's more to antiques than just determining monetary value. What repairs are needed? Why don't the drawers work properly? When is it okay to strip the finish? Spoiler Alert: Yes, there are times when it is completely appropriate to strip off the finish. What will it take to bring it back to its original condition? How do I do it myself? In this class, participants learn how to evaluate antique furniture from a restoration expert with 30-years of experience. There will be lots of practical advice for DIYers.

DAVE LUNIN is a master craftsman who has been studying, restoring, and reproducing American antiques for decades. He likes to say he has no trade secrets because he is always happy to share his knowledge.

ING204: A PET OWNER'S GUIDE TO CANINE BEHAVIOR

1 Session | Tuesday | March 22 | 10AM-11:30AM | In-Person Only | Hilton Head campus

According to the American Veterinary Medical Association, “Between 17 and 25% of the pet dogs relinquished to animal shelters each year are relinquished because of behavior problems and substantial numbers of these dogs are eventually euthanized.” Unfortunately, the majority of troublesome canine behaviors are the result of the dog just being a normal dog (fear, barking, jumping, aggression, etc.) This class teaches students to interpret canine body language, identify common canine behavior problems, offer common-sense treatment plans and when necessary, help to select a qualified professional. Through understanding and proper direction, a dog owner can ensure our beloved dogs will be happy, well-adjusted additions to our family.

TERRY KAPLAN is a recently retired New York State licensed veterinary technician and certified high school veterinary science educator. She holds certifications as an animal science teacher and wildlife rehabilitator. Terry recently moved to Hilton Head Island.

INTERNATIONAL STUDIES

IST200: IMPLICATIONS OF A RISING CHINA

1 Session | Tuesday | February 8 | 1PM-3PM | In-Person, Zoom, On-Demand | Hilton Head campus

With more than a dozen years in the Pacific, as an Army General Officer and a Senior Executive with the Marine Corps, Craig Whelden had a front-row seat to China's hegemonic activities and bullying of its neighbors. This course explores what is happening on the other side of the world: geopolitically, militarily, and economically as China expands its sphere of influence. Students will learn about the strategic importance of the Malacca Strait, the South China Sea, the exploding growth of the Peoples Liberation Army, and China's encroachment on the "second island chain," where the U.S. begins its day in Guam.

CRAIG WHELDEN, retired Major General, spent 30 years in the U.S. Army and another nine as a member of the Senior Executive Service (SES) with the U.S. Marine Corps. Along the way, he led thousands of soldiers, sailors, and marines at each level from Lieutenant to General Officer to Senior Executive – with 10 years in Europe and another 12 in the Pacific.

IST201: WHAT'S WRONG WITH AFRICA?

1 Session | Tuesday | February 15 | 10AM-12N | In-Person, Zoom, On-Demand | Beaufort campus

Throughout his teaching career, Donald Wright has been asked one question more than any other: "What's wrong with Africa?" African nations have many problems for which there don't seem to be good answers: political instability (most recently a coup in Sudan), ethnic struggle, government corruption, recurring famine, lack of medical care, poor schools, huge debt, and more. Also, basic things just don't often work. Why is this the case? In this lecture, Don tries to answer the question, based on 40 years of experience studying and teaching about the people of the continent and their history. In the end, he offers a few thoughts on what we, as good people caring about others living in difficult circumstances, might consider doing about it.

DONALD WRIGHT, Distinguished Teaching Professor of History Emeritus, SUNY Cortland, has written books on African, African American, and Atlantic history. He has held Fulbright, NEH, and Rockefeller Foundation Fellowships and has lectured in universities on four continents.

LEGAL STUDIES

LEG200: THE U.S. SUPREME COURT: RECENT DECISIONS AND THE CURRENT TERM

3 Sessions | Monday | April 11, 18, 25 | 3PM-5PM | In-Person, On-Demand | Bluffton campus

This course returns to OLLI for another installment of lively discussion and debate. The course will focus on United States Supreme Court decisions from the Court's most recent term and will cover a wide variety of topics, with a particular emphasis on civil rights and liberties. Students will be provided with excerpts from Court decisions to read in advance of the class.

STEPHEN MEYER is a Bluffton attorney who earned his Juris Doctor, magna cum laude, from the University of South Carolina. He devotes his practice almost entirely to litigation and regularly handles cases involving constitutional law issues.

LITERATURE

LIT200: BOOK & FILM: THOMAS HARDY'S *FAR FROM THE MADDING CROWD*

2 Sessions | Tuesday, Thursday | March 1 from 1PM-4PM | March 3 from 1-3PM | In-Person only | Beaufort campus

Far from the Madding Crowd, published in 1874, was Thomas Hardy's first literary success, and it remains an all-time favorite. The story tells of the independent-minded Bathsheba Everdene and her triangle of lovers: Gabriel Oak, Sergeant Troy, and William Boldwood. Is it a romance or a tragedy? Session One: Students view the 1967 film, "Far From The Maddening Crowd", featuring Julie Christie, Alan Bates, Terrence Stamp, and Peter Finch. Session 2 will be a short presentation on the life of Hardy and a discussion of the book and film. Prior to session 1, students are expected to have read the book and watched the 2015 film version of the book featuring Carey Mulligan and Mathias Schoenaerts.

DEBORAH BARNUM, snowbird (VT / SC), best friends with Jane Austen, blogger, compiles annual Austen and Burney bibliographies, bookstore owner (collectible books), OLLI classes (attends/teaches), Jane Austen book groups (reading classic literature), librarian, gardener, hiker, and traveler.

LIT201: OLLI READS! JOSEPHINE TEY, *THE DAUGHTER OF TIME* (1951)

1 Session | Thursday | March 10 | 3PM-4:30PM | In-Person only | Bluffton campus

This course is a book discussion class. Considered one of the finest mystery novels of all time, Josephine Tey's *The Daughter of Time* (1951) is a rousing tale of historical detective work: her Inspector Alan Grant, laid up with a broken leg, becomes fixated on the portrait and story of the much-maligned Richard III. He works tirelessly with a young American scholar to determine the truth or not of Richard's guilt. Is he the monster history has made him? Join in on this age-old mystery as we mine British history and learn what the Richard III Society is all about.

DEBORAH BARNUM, snowbird (VT / SC), best friends with Jane Austen, blogger, compiles annual Austen and Burney bibliographies, bookstore owner (collectible books), OLLI classes (attends/teaches), Jane Austen book groups (reading classic literature), librarian, gardener, hiker, and traveler.

MUSIC

MUS203: THE ABOMINABLE SHOWMAN

1 Session | Thursday | April 21 | 2PM-3:30PM | In-Person, Zoom, On-Demand | Beaufort campus

An interviewer once asked Betty Comden, the lyricist, to talk to him about David Merrick. Her reply was, "You mean, while he's still alive?" Such was the fear that this Broadway producer, called "The Abominable Showman", although not to his face, instilled in people even long after he retired. He might not have been a nice man, but he certainly was an interesting one. Let's find out more about him and the effect he had on the world of Broadway.

JIM NICHOLSON is an OLLI instructor for several South Carolina OLLI Lifelong Learning institutions including OLLI Furman, OLLI Clemson, and Lifelong Learning at Wofford on a variety of topics.

USCB CHAMBER MUSIC

THE LOWCOUNTRY'S FINEST CLASSICAL MUSIC SERIES

2022 SEASON

JANUARY 9

Jeewon Park, piano
Edward Arron, cello
Andrew Armstrong, piano
and Artistic Director

MARCH 6

Solomiya Ivakhiv, violin
with
Jennifer Montone, french horn
Andrew Armstrong, piano and
Artistic Director

APRIL 10

Raphael Bell, cello
with
Igor Begelman, clarinet
Amy Schwartz Moretti, violin
Andrew Armstrong, piano and
Artistic Director

USCB Center for the Arts | Beaufort Campus | www.uscbchambermusic.com

OLLI MEMBERS receive \$10 off per ticket. (One ticket per member)
Call 843.208.8246 to purchase OLLI tickets/Tickets not available on-line

MUS200: INSIDE THE MUSIC: USCB CHAMBER MUSIC JANUARY CONCERT

1 Session | Friday | January 7 | 10AM-12N | In-Person, On-Demand | Beaufort campus

MUS201: INSIDE THE MUSIC: USCB CHAMBER MUSIC MARCH CONCERT

1 Session | Friday | March 4 | 10AM-12N | In-Person, On-Demand | Beaufort campus

MUS202: INSIDE THE MUSIC: USCB CHAMBER MUSIC APRIL CONCERT

1 Session | Friday | April 8 | 10AM-12N | In-Person, On-Demand | Beaufort campus

Program note writer Michael Johns presents a pre-concert conversation on the composers and music to be heard for each USCB Chamber Music concert. Multiple recorded excerpts and commentary will acclimate listeners to what they can expect to hear for the upcoming concerts on Sunday, January 9, March 6, and April 10. This class is free and open to the public. Registration for each session is strongly suggested. Please visit the Chamber Music website for more concert information. <https://www.uscbchambermusic.com/>

MICHAEL JOHNS, DMA, received music degrees from the New England Conservatory and Temple University. He has performed on French horn with symphony, ballet, and opera orchestras, in recital and chamber music. Music is his lifelong vocation and avocation.

LOWCOUNTRY COMMUNITY CONCERT BAND (LCCB)

Tuesdays, 7:00 p.m. – 9:00 p.m. In-Person Bluffton Campus

The Lowcountry Community Concert Band is part of the educational mission within USCB OLLI. LCCB serves to provide an opportunity for musicians of all ages and abilities to play together for enjoyment as well as perform in the community. For more information contact mail@ollilccb.com or visit their website www.ollilccb.com

PERSONAL GROWTH & DEVELOPMENT

PGD200: BEING AN INTROVERT - IT'S NOT WHAT YOU THINK

1 Session | Tuesday | April 5 | 10AM-11:30AM | In-Person, Zoom, On-Demand | Hilton Head campus

We have all heard people say, "Oh, he's an introvert." or "I'm an introvert." But being an introvert is not what you think. Introverts are not necessarily shy. They are not necessarily reclusive. They just have internally-driven thought processes. People ask me how can I teach or act or speak in public if I am an introvert. The answer is, "Quite easily." Let's learn together what makes an introvert tick and how to take advantage of some really neat character traits.

JEFF GLAZER loves to teach. He was an adjunct professor of graphic design in New Jersey, and has taught classes locally at the Sun City Computer Club and OLLI. While his primary area of expertise is in computers, he has taught OLLI classes in many other areas such as introversion, ADD, the music of Tom Lehrer, and Nikola Tesla.

RELIGION

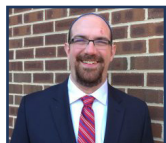

REL200: INTERRELIGIOUS FORUM - UNDERSTANDING GENESIS 18:1-18

1 Session | Wednesday | February 23 | 1PM-2:30PM | In-Person only | Bluffton campus

In a world of harsh disagreements, a minister, a rabbi, and an imam will model what respectful interfaith dialogue can look like as each one presents how their faith tradition understands Genesis 18:1-18 and teaches us how we may disagree with someone else and still learn from them.

DOUGLAS FLETCHER, an Iowa native, received a B.A. from Drake University and Master of Divinity and Ph.D. degrees from Princeton Theological Seminary. He served Presbyterian (USA) congregations in Tulsa, Austin, and Hilton Head and taught Biblical studies at universities in Oklahoma, Texas, and Zambia.

STEVEN HENKIN is the rabbi at Congregation Agudath Achim in Savannah, GA. Born and raised in Chicago (and a lifelong Chicago sports fan), Rabbi Henkin holds a BA from the University of Minnesota, a MA from Emory University, and a MA and rabbinic ordination from the Ziegler School of Rabbinic Studies in Los Angeles, CA.

IBRAHIM 'ABDUL-MALIK, serves in the capacity of Imam of Masjid Jihad, Inc. in Savannah, GA. He has served in this capacity since March of 2016; however, his membership with Masjid Jihad spans over 40 years. His presence over this period has enabled him to be involved in every aspect of Islamic community development.

REL201: CELTIC CHRISTIANITY

2 Sessions | Tuesday, Thursday | March 8, 10 | 1PM-3PM | In-Person, Zoom, On-Demand | Bluffton campus

This two-session course will explore how Christianity's early years in Ireland were dissimilar from the way it evolved elsewhere. And while Christian Ireland eventually lost its early distinctiveness, a rediscovery of the principal themes of Celtic Christianity might well be helpful as the world enters the third millennium of the Christian era. An important piece of historical fact is this: The Legions of the Roman Empire never invaded an offshore island they called Hibernia ... and we know today as Ireland. As a result, when Christianity began to spread throughout Europe in the early centuries of the Common Era, the indigenous culture it encountered on that offshore island was rather different from those of mainland Europe.

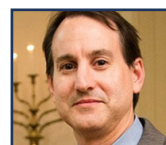

BRIAN CUDAHY, born and bred in Brooklyn, holds a Ph.D. in philosophy and teaches undergraduate courses at USCB. He has published widely on topics as diverse as the New York subways and religious history. His latest book, *From Blackmoor Lane to Capitol Hill*, analyzes the philosophy of the first Roman Catholic bishop of Charleston, John England.

REL202: GOD AND RELIGION IN THE MOVIES

1 Session | Monday | March 28 | 3:30PM-5PM | In-Person, On-Demand | Bluffton campus

Religion has been around for thousands of years, while the movie industry will be celebrating its 130th year very soon. However, despite the difference in their ages, they have jelled fairly well through the years, although not without controversy here or there. We've watched every cinematic genre, from horror to comedy to drama to documentary, examine religion from just about every viewpoint, but no one has ever dared to thoroughly research this merging of the two worlds. Join Rabbi Robert Haas as he delves into a discussion of God and Religion in the Movies.

RABBI ROBERT HAAS, a native of McAllen TX, became the 14th spiritual leader of Congregation Mickve Israel in Savannah, Georgia in 2012. He is a sought-after comedian, lecturer, preacher, and interfaith leader who regularly speaks and performs for organizations, radio shows, colleges, theaters, houses of worships, and institutions.

SCIENCE

SCI200: THE WINTER NIGHT SKY

1 Session | Thursday | February 3 | 10AM-12N | In-Person, Zoom, On-Demand | Hilton Head campus

We are fortunate to have dark skies on Hilton Head. This class begins with tips on how to begin stargazing and learning about the lives (stages) of stars, including our sun. Using planetarium software, students look at the winter night sky and learn about the six constellations that make up the Winter Hexagon and learn a few myths associated with the constellations. "The earlier in life we know we are a part of something magical and mysterious, the better off we are." Jimmy Buffett.

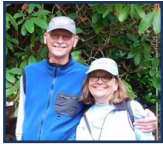

MARIE McCLUNE has worked as a geologist, environmental educator, and high school science teacher where she taught Advance Placement Environmental Science – APES. She is a Master Naturalist, Master Gardener, and docent at the Coastal Discovery Museum.

SCI201: CLIMATE CHANGE FROM AN EARTH SCIENCE PERSPECTIVE

1 Session | Monday | March 14 | 1PM-3PM | In-Person, Zoom, On-Demand | Beaufort campus

Over its 4.6-billion-year history, the Earth's climate has presently become wildly different. There have been two principal climatic states "greenhouse" and "icehouse," with many variations between these two states, with a warmer Earth being dominant. This presentation will discuss our current climate change predicament from an earth science point of view with a Lowcountry perspective. The topics will include what people think about observable climate change, what scientists have observed, the mechanics of climate change, ancient climates, climate modeling and prediction of future climate, what society can and must do about climate change, and whether there is urgency in making society net-zero and negative carbon.

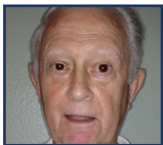

Dr. MARY K. HARRIS retired from the Savannah River National Laboratory (SRNL) in 2016. Her experience includes over 40 years in scientific, industrial, and environmental positions including research and development, technical and project management. Dr. Harris is a licensed professional geologist in South Carolina, Georgia, and Wyoming. She received her Ph.D. in geology from the University of South Carolina.

GERALD C. BLOUNT is the CTO of Partnering in Innovation, Inc. and the primary inventor of the Pi-Co2 aqueous CO2 capture process. He retired from the US Department of Energy Savannah River Site (SRS) as a technical leader for environmental cleanup, advised the Savannah River National Laboratory on energy and greenhouse gas issues, and served as a member of the DOE-EM Internal Remedy Review Team for the DOE complex. Blount is a licensed professional geologist with degrees in geology, and over 40 years of experience performing technical roles in the industry.

SCI202: ASTRONOMY - THE BASICS

1 Session | Friday | April 1 | 10AM-12N | In-Person, On-Demand | Bluffton campus

A presentation and discussion of questions (and answers) about astronomy such as: Where is the North Star? Is it among the brightest stars in the sky? What does pareidolia have to do with astronomy?

JERRY JEFFREY is the host of the Skywatchers special interest group of Sun City Hilton Head. He has degrees in physics, mathematics, and interdisciplinary engineering (operations research). An amateur astronomer since the 1950s, he has made numerous astronomy related presentations.

SPORTS

SPO200: EBENEZER CREEK KAYAK PADDLE

1 Session | Wednesday | March 2 | 1PM-3:30PM | Offsite (*Rincon, Georgia*)

Join Beaufort Kayak Tours as they lead an excursion that takes place on an amazing black water creek through old-growth cypress and tupelo forest. The journey will take you deep into the swamp, as you learn the differences between cypress and tupelo hardwood trees and the history that took place on Ebenezer Creek. Beaufort Kayak Tours will supply the instructors, kayaks, paddles, and PFD's. Single and tandem kayaks will be assigned by Beaufort Kayak Tours at the time of launch. Every effort will be made to accommodate your kayak request.

Vendor Fee \$45

SPO201: DOLPHIN ECOLOGY KAYAK PADDLE

1 Session | Thursday | April 21 | 11:30AM-2PM | Offsite (*St. Helena Island*)

Join Beaufort Kayaks for a kayak trip that embarks near Hunting Island State Park. This paddle will take you through the salt marsh and continue to the convergence of rivers and tidewaters where you often see dolphins. Come learn about these fabulous mammals and how they use their senses in their environment. Beaufort Kayak Tours will supply instructors, kayaks, paddles, and PFDs. Single and tandem kayaks will be assigned by Beaufort Kayak Tours at the time of launch. Every effort will be made to accommodate your kayak request. **Vendor Fee \$45**

SPO202: ACE BASIN SPIDER LILY KAYAK PADDLE

1 Session | Monday | May 2 | 11:30AM-2PM | Offsite (*Yemassee*)

Join Beaufort Kayak Tours as they lead down Hobonny Creek to the Combahee River to look for the fabulous Carolina spider lily. This is a great photo opportunity while learning about the rice culture and history in the area. This trip is in protected waters and about 3.5 miles in length. Beaufort Kayak Tours will supply the instructors, kayaks, paddles, and PFD's. Single and tandem kayaks will be assigned by Beaufort Kayak Tours at the time of launch. Every effort will be made to accommodate your kayak request. **Vendor Fee \$45**

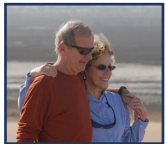

JIM and TERI POHORSKY have explored the Lowcountry in kayaks for over 25 years. Jim enjoys sharing the history and ecology of the area. Teri is a retired teacher with a master's degree as a reading specialist. Both are graduates of Iowa State University and spent many years paddling our local waterways as well as sponsoring kayak, bike, and hiking trips in the Everglades.

TRAVEL

TRA200: TRAVEL THE WORLD, FREE LODGING: THOUGHTS ON HOUSE SITTING AND PET SITTING

1 Session | Thursday | January 27 | 10AM-11:30AM | In-Person, Zoom, On-Demand | Beaufort campus

Doris and Don Wright have spent significant periods of time over recent years either house sitting (rarely) or pet sitting (mostly) in various states and a few foreign countries. How do they pull this off? Doris is proficient at finding the gigs and minding cats; Don walks dogs, converses with tortoises, and boldly drives in the U.K. This practical advice and stories, some humorous, point out the "how-to" along with the good and bad of such traveling.

DORIS AND DON WRIGHT are gratefully retired - she from work in journalism, low-income housing, and health insurance; he from teaching history at the State University of New York, College at Cortland. Doris and Don have lived and/or traveled in 40-odd countries, she a few more than he, which irks him to no end.

TRA201: THE GREAT RIVER ROAD - SOUTH

2 Sessions | Thursday | February 17, 24 | 10AM-11:30AM | In-Person, Zoom, On-Demand | Beaufort campus

A driving trip along the Mississippi River from St Louis to New Orleans. Along the way, you explore the history, geography, culture, and people of this unique area. You also uncover interesting events and persons that shaped this uniquely American region.

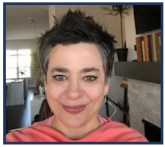

MIKE MACDONALD is a retired businessman from South Dakota now living in Minneapolis, MN and Beaufort. He has presented six different classes for the South Dakota OLLI and is currently an OLLI member in SD, MN and SC.

TRA202: WALKING THE CAMINO IN SPAIN

1 Session | Tuesday | February 22 | 10AM-11:30AM | In-Person, Zoom, On-Demand | Hilton Head campus

The Camino is a UNESCO World Heritage site and has been in use for over 1,000 years as a pilgrimage route to see the remains of St. James (Santiago in Spanish). This 500-mile walk starts in France and continues west to Santiago, which is located near the western coast of Spain. Jenny Kimball's presentation on walking (okay, limping) the Camino de Santiago will include details of what she ate, where she slept, and what she carried in her backpack on this 37-day adventure.

JENNY KIMBALL retired at age 46 after working in accounting/finance for Deere & Company. She had the chance to live and work in Europe and Canada. Jenny has visited over 30 countries on every continent except Antarctica.

TRA203: THE FIVE LANDS - ITALY'S CINQUE TERRE REGION

1 Session | Friday | April 22 | 10AM-12N | In-Person, Zoom, On-Demand | Bluffton campus

Even if you've never been there, you have probably seen pictures of the colorful cliffside villages of Italy's Cinque Terre region, sitting on the west coast of Italy overlooking the Ligurian Sea. We'll look at each of the villages and some less-crowded alternatives "in the neighborhood." It's a tale of pirates, tourists, and other scourges.

JIM NICHOLSON is an OLLI instructor for several South Carolina OLLI Lifelong Learning institutions including OLLI Furman, OLLI Clemson, and Lifelong Learning at Wofford on a variety of topics.

TRIPS

TRI200: MONET EXHIBIT & BILTMORE GARDENS - ASHEVILLE, NC TRIP

Tuesday, Wednesday, April 5 - 6

Trip away with OLLI and Scottie Davis to Asheville, NC, and the Biltmore Estate and be immersed in the multi-sensory Monet exhibit surrounded by incredible colors and shapes. In addition to this powerful experience, the magnificent Biltmore House and acres of gardens are yours to explore, making this a trip to feed all the senses. Price includes very spacious, comfortable, full service (restroom/internet) coach bus transportation, entrance fees into Monet exhibit, entrance into the Biltmore estate and grounds, hotel accommodations, and gratuity. To learn more details and register, go to <https://weekendgetawaysonatankofgas.com> or contact Scottie Davis at Wkgtg77@gmail.com.

SCOTTIE DAVIS, an avid OLLI instructor and owner of *Weekend Getaways On A Tank of Gas*, is offering this unique opportunity to OLLI members and friends.

TRI201: OLLI GOES TO CHARLES PINCKNEY NATIONAL HISTORIC SITE

1 Session | Thursday | April 28 | 9AM-4PM | Offsite (*Charleston*)

Charles Pinckney's name is often associated with South Carolina's history. As a signer of the US Constitution, Pinckney devoted 41 years of his life to American politics, serving in various roles at the state and national levels. The National Park Service is developing a new approach to the "forgotten founder's" story, focusing on larger national themes the public can connect with how the US Constitution has changed since Pinckney penned his name on the important document, the influence of plantation agriculture on Southern states' economy and development, and the reliance on exploiting skilled African labor to make Charleston one of the richest cities in the world. Join us as we explore the Charles Pinckney National Historic Site, an 18th-century plantation, and home to generations of the Pinckney name. We will join the National Park Service staff and hike the mash-view trail (.5 mile), visit the 1828 Lowcountry home, view the preserved plantation historic grounds of 28 acres and discuss ways we can connect visitors to the history of the US Constitution, plantation life in the southeast, and enslavement of skilled African labor. **Vendor Fee \$40**

WRITING

WRI200: TRAVEL WRITE YOUR WAY TO DREAM DESTINATIONS

2 Sessions | Tuesday | February 8, 15 | 1PM-3PM | In-Person only | Beaufort campus

After a year of mandated homestay, folks are traveling like someone left the backyard gate open! Did you take a fun trip in 2021 or have plans for one or several this year? How would you like to earn back the cost of your airfare, hotels, and meals? You can visit exotic destinations around the globe on someone else's nickel or travel on your own and cover your expenses simply by writing about your experience. Travel writers do this all the time, and in this class you'll learn how. During these sessions, you'll acquire writerly skills such as interviewing, querying and spinning stories from trips and assignments. You'll learn the nuts and bolts of travel writing through in-class and take-home exercises and glean a few travel tips to boot.

KATHERINE TANDY BROWN has traveled the world as a freelance writer for 30 years. A workshop leader and writing coach, she is penning her first novel, *One to Go: An Equine Thriller* and a memoir, *Anne, Queen of the Wingchair*.

WRI201: HOW TO WRITE BELIEVABLE LAW ENFORCEMENT CHARACTERS AND SCENES

1 Session | Monday | April 4 | 1PM-2:30PM | In-Person, Zoom, On-Demand | Bluffton campus

Law enforcement personnel are an integral part of crime fiction. Their roles range from those enforcing the law at street level up to the upper echelons of command. This discussion will include: the psychological toll of being a law enforcement officer, how to write realistic law enforcement characters and crime scenes, writing about firearms, understanding jurisdiction, writing realistic fight scenes, and turning your real-life experiences into fiction. It will also delve into the importance of research.

DANA RIDENOUR is an award-winning author and retired FBI Special Agent. During her 20-year career, she worked a wide variety of cases to include narcotics investigations, domestic sex trafficking of minors, and violent crime. She spent most of her career as an FBI undercover operative.

WRI202: BEGINNERS WRITING WORKSHOP

1 Session | Monday | Apr 18 | 10AM-12N | In-Person only | Beaufort campus

Everyone has a story to tell, but most don't think they have the skills to tell a story. Join Martha Weeks as she proves you wrong. Bring your story idea/s and let her get you started.

M. Z. THWAITE (a.k.a Martha Thwaite Weeks) is the author of "Tidewater Rip and Tidewater Hit." Her short story "Flight" was published in "The Petigru Review" - Volume 9 in 2015.

OLLI Members *Here & There - And Everywhere*

Live on Zoom Course Summary

Taking a course through Zoom is a different experience than sitting in a classroom. You may not always see the instructor on camera however you will see the presentation. Your microphone is muted upon entering, and questions are accepted through the chat feature. To maximize your ZOOM experience, staff suggests using head phones. Need Zoom assistance? OLLI staff is there to assist you!

OLLI CODE OF CONDUCT

OLLI seeks to meet the needs of an engaged learning community and maximize the learning experience for all members. We promote a positive, educational culture. Please respect the rights of instructors and members through active listening and thoughtful discussion, especially if you are not in agreement with others' opinions. Monopolizing discussions, undermining the instructor's credibility, and being disrespectful in words or actions will not be tolerated.

IN-PERSON COURSES

- Raise your hand when you have a question or comment. Blurting out comments or questions can disrupt the class and instructor's presentation.
- Show up for the courses you are registered for.
- Contact an OLLI office if you are unable to attend a course that you have registered for.
- Sign in for all OLLI courses you attend.
- Turn all electronic devices off or place them in vibrate mode when in the classroom.

ZOOM ETIQUETTE

- Keep your microphone muted throughout the course. Microphones can pick up noises that may disrupt the presentation.
- Use the chat feature to submit questions and comments during the presentation. OLLI staff will moderate questions and comments when the instructor is ready.
- Please be considerate of your surroundings if your camera is on during the presentation.

ON-DEMAND

- Do not share your custom link and password from the OLLI On-Demand library.
